

## Easy to start

With Izy, intuitive operation means there is nothing to learn.

- **Easy on the eye** with Honda's stylish new look.
- **Easy-start** auto-choke means one less thing to think about and an automatic decompressor makes starting virtually effortless.
- **Easy-to-hold** controls mean better safety and comfort with pull start within reach.
- **Easy-to-check** petrol and oil levels and spill-free refuelling with a large-diameter petrol cap.
- **Easy power** from Honda's innovative engines, delivering smooth power to the blades with less vibration than similar engines.

## Easy to use

You don't have to be an expert to use an Izy.

- **Easy-adjust 6-position grass cutting heights** give you more precision and choice.
- **Easy to cut around obstacles and lawn edge** as the cutter deck is wider than the wheels.
- **Easy-to-maneuvre** push model thanks to double ball-bearings and extra-wide no-slip wheels.
- **Easy cutting**, high torque engine means no clogging of grass, no matter how thick it is.
- **Easy grass collection** with better airflow through the rounded cutter deck.
- **Easy-to-empty**, large capacity grass bag means fewer trips to the emptying area. A built-in rear shield drops down to protect your legs when the bag is removed.

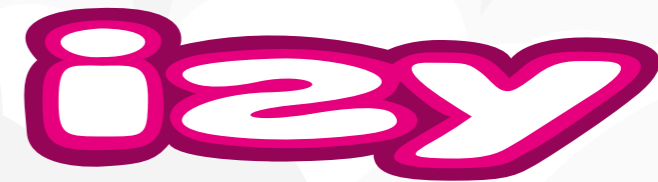

## Easy life!

Maintaining and storing the Izy is a doddle.

- **Easy on the ear** with 30% noise reduction due to a revised blade design.
- **Easy on the environment**, economical, with low fuel and oil consumption that meets the world's strictest anti-pollution standards.
- **Easy-clean** with a rounded cutter housing with no nooks or crannies for wet grass to stick to.
- **Easy storage** with a folding handle which allows storage in the smallest of spaces.
- **Easy low-maintenance** with Honda's renowned build quality, expert engineering and a 3 year warranty as standard.

## Easy features

Blade brake control.

Honda GCV135 4-stroke engine (GCV160 engine on HRG 536 model).

Foldable one-piece handle.

Six different cutting heights (seven cutting heights available on HRG 536 model).

High quality, durable steel cutter deck finished in rose champagne.

**Auto Choke System**  
Ensures the perfect engine start setting whatever the weather.

**Redesigned cutter deck**  
Delivers optimal airflow resulting in outstanding grass collection.

**Unique blade design**  
30% noise reduction for noticeably quieter operation.

The 16" Izy is great for **compact gardens** with lawns up to half a tennis court in size.

Whether it be your favourite gnome or prize flowers, every Izy can manoeuvre around the tightest lawn. With large capacity and easy-to-empty grass bags, this also means less trips to the compost heap. It also means more time to sit back and enjoy your garden.

The 16" (41cm) HRG 415 is available in either push or self-propelled versions, both featuring a roomy 50 litre mesh grass bag, durable steel cutter deck and powerful GCV135 Honda 4-stroke engine.

For **medium-sized gardens** with lawns up to the size of a tennis court, choose the 18" model.

Both the self-propelled and push models will turn any garden into a perfectly manicured lawn in a jiffy, and, thanks to its blade brake and easy-to-use controls, the Izy is extra safe, even through a water pistol ambush!

The HRG 465 combines manoeuvrability with a large diameter 18" (46cm) cut to cover the ground fast.

For **large gardens** with lawns larger than the size of a tennis court, it's got to be the 21" model.

With a completely redesigned blade, all mowers in the Izy range have a much better airflow to the grass bag, therefore not only increasing its 'cut and collect' performance, but reducing its noise level by 30%! So now you can escape the in-laws to enjoy mowing the lawn, without them even noticing!

This 21" (53cm) model is designed for cutting a larger lawn quickly and easily. The powerful GCV160 Honda engine drives the lawnmower forward as well as cutting, and with a 61 litre grass bag, you'll be admiring a perfect lawn in no time.

Domestic Use

There's a simple reason why you'll see so many Honda products still hard at work after many years of service. **Ours are built better to last longer.**

That's not just an idle promise. It's fact. Honda customers deserve complete peace of mind. Honda lawnmowers are supported with the longest and most comprehensive warranties in the industry. Our Izy lawnmowers (used in a domestic environment) come with a standard 3 year warranty\*.

With parts available next day at no extra cost (subject to an order placed by 12 noon), our fully trained Honda Dealer network are knowledgeable about your product and will minimise any inconvenience when servicing is required.

For more information or brochures on the complete Honda product range, or to locate your nearest approved Honda Dealer, call **0845 200 8000** or visit **[www.honda.co.uk](http://www.honda.co.uk)**

\*Subject to domestic use and being serviced once in the first two years.
